

EXAMPLE OF ADDING TEXT TO YOUR LIVESCRIBE PENCAS
T BY SUE GLASCOE

What can I do with a Livescribe smartpen?

How does a smartpen help my math students?

How do students access my pencasts?

How did I put the text behind this pencast?

1. Print off the text document on Livescribe dot paper
2. Record a pencast on the dot paper containing the text
3. Upload the pencast as a PDF
4. Save the original document as a .jpg file (must be an image file)
5. You need to have a program like Adobe Acrobat Pro to edit the PDF:
 - a. Open the PDF pencast file
 - b. Add the .jpg file as a watermark to the PDF pencast file
 - c. Make sure the watermark is the same size as the original paper you printed out
 - d. Re-save the PDF with the watermark
 - e. Re-open the PDF pencast with Adobe Reader (10.0 or higher)
